Dear Sheldon:

On behalf of the AAFI Tax Committee, I want to thank you for your participation in our panel discussion about the future of the U.S. Tax System last week in Portland. I think both you and Bill did a terrific job of making sense of the myriad proposals that are out there, as well as their implications on our member firms. While some people might be frustrated because they don't yet know the end result of all this political posturing, I think, thanks to your efforts, that everyone is much more aware of the thought process and the likelihood of any major changes which will affect their livelihood.

Hopefully you had fun with the format, and found the feedback from the participants helpful. Comments on the evaluation forms were very favorable, and everyone appreciated your insight into the minds of those that are working to fix the income tax system!

I also hope you had an opportunity to relax and enjoy yourself on vacation in New England. Please send me a summary of your expenses so we can reimburse you for any reasonable out of pocket costs associated with your trip.

Sheldon, thanks again for your participation. I enjoyed getting to know you, and hope we have the opportunity to work together again in the future. If there is ever anything I can do to help you, please feel free to call.

Sincerely,

Michael T. Platt
